

∞ Vocal Lessons ∞

Vocal lessons with VoiceArt Director Marianne Black will take your skills to another level and refine your singing technique as you receive professional, experienced and qualified tuition from an expert.

Marianne provides vocal tuition and coaching for adults and for students undertaking VCE Music. Marianne also coaches performers preparing for auditions and exams.

Marianne believes a strong, classical vocal technique is the foundation for longevity in singing so her vocal lessons begin with this foundation and then apply genre-specific techniques for classical, jazz, contemporary and music theatre. Marianne assists her students to become well-rounded musicians and she requires her students to be able to read music.

Vocal lessons are available to children 13 years and older and to adults. Tuition includes improving posture, breathing, tone development, technique, interpretation and movement. Marianne teaches either Individual or Paired lessons only. Group lessons are not available.

∞ Private Singing Lesson Prices ∞
